Recycled pallet hoods

Sustainability you can trust

Because we know protecting the planet matters to you, we proudly offer PCR-certified pallet hoods made with up to 99% recycled material.

Smart for the planet, smart for your business

Our recycled colored regranulate and natural regranulate can be manufactured in ultra-thin layers starting from just 20 µm. That means less plastic, lower EPR fees, and more savings for you — without compromising on quality or protection.
